Тематический иллюстрированный словарь предназначен для учащихся школ, изучающих русский язык.

В Словаре представлено 35 тематических разделов. Каждый из них соотносится с основными сферами общения и предметными смысловыми зонами, которые окружают человека. Для лучшего усвоения лексической информации, включённой в Словарь, функцию опоры выполняет предметно-изобразительная наглядность. Зрительное представление предмета способствует лучшему пониманию значения и запоминанию лексической единицы.

Все слова можно найти в конце Словаря в алфавитном порядке с указанием номера таблицы.

В алфавитном указателе глаголы представлены в видовой паре. Мы надеемся, что использование Словаря облегчит учащимся изучение русского языка.
